

Expanded Insulin Coverage

We know that the cost of insulin can be a roadblock to managing diabetes. Going without insulin or taking less than prescribed, can lead to serious health issues. Univera Healthcare cares about your health and wants to see you stay on track with your insulin medication.

Part D insulin coverage

During the deductible (if the plan has one) or the initial phase of the Part D benefit, you will pay the maximum copay listed below for a one-month supply of insulin in 2027 for your Medicare plan.

2027 Medicare Plans	Insulin Example	Pharmacy	Deductible	Initial	Catastrophic
- Univera SeniorChoice® Secure (HMO-POS) - Univera SeniorChoice® Value Plus (HMO-POS)	Humalog	Preferred	\$25 Copay		\$0 Copay
		Standard	\$30 Copay		
	Admelog*	Preferred	\$35 Copay		
		Standard			
- Univera SeniorChoice® Basic (HMO) - Univera SeniorChoice® Advanced (HMO-POS)	Humalog	Preferred	\$30 Copay		
		Standard	\$35 Copay		
	Admelog*	Preferred	\$35 Copay		
		Standard			

* Non-formulary insulin products require a formulary exception approval

Part B insulin coverage

Insulin is also covered under your Part B benefit if you are using insulin in a traditional insulin pump. You will pay a \$35 maximum copay for any insulin that is being used in your insulin pump and is filled at an in-network pharmacy or durable medical (DME) provider. The Part B deductible does not apply to insulin filled under the Part B benefit.

Important message about what you pay for insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our Plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible.

2027 Part D covered insulins**
