Patient Assurance Program

The **Patient Assurance Program** is intended to counteract the escalating costs of diabetic and cardiovascular drug therapy. This program is for Univera Healthcare commercial and individual exchange members* starting **January 1, 2021**.

**If you are part of a group health plan, please contact your health plan representative to see if your employer group is participating in this program.*

Members will pay no more than $25 per 30 days for eligible Tier 2 diabetic and cardiovascular drugs. Up to $50 is provided by manufacturer assistance and, in some instances, a discount by Univera Healthcare.

Q: What are some examples of how the program works?

<u>If you have a flat copayment benefit:</u>

- John has a flat copayment of $75 per month
  - $50 manufacturer assistance is provided, and John pays only $25

<u>If you have a co-insurance benefit</u>

- Anne has a 20% co-insurance and drug cost is $500
  - Normal cost share would be $100
  - $50 manufacturer assistance is provided
  - $25 Univera Healthcare assistance is provided
  - Anne pays only $25

<u>If you have a deductible benefit</u>

- Susan has a $300 deductible and a Tier 2-diabetic drug copay of $50, and is still in her deductible phase
  - Deductible is bypassed
  - $25 manufacturer assistance is provided, and Susan pays only $25
- Steve has a $300 deductible and a Tier 2-diabetic drug copay of $50, and is out of his deductible phase
  - $25 manufacturer assistance is provided, and Steve pays only $25

Q: What are some exclusions from the program?

- Health Savings Account-qualified High Deductible Health Plans
- Benefit plans where a member has a flat diabetic copay of less than or equal to $25

Please see the chart below for the drugs* included in the program.
