

Vaccine coverage

Medicare Part B and Part D

Vaccines help keep you healthy and protect you from getting sick. We know it can be hard to figure out where to get a vaccine or how your Medicare plan covers it.

Univera Healthcare is here to help make it simple.

Medicare Part B (Medical)

Covers select vaccines (see list below) and the administration fees for those vaccines

Member's responsibility:

- \$0 copay for flu, hepatitis B, COVID-19 and pneumococcal¹
- 20% coinsurance for tetanus and rabies vaccines¹

Medicare Part D (Pharmacy)

Covers most Part D vaccines recommended for adults by the Advisory Committee on Immunization Practices (ACIP).*

Member's responsibility:

- \$0 copay for covered adult Part D vaccines

What vaccines are covered?

Medicare Part B:

- Influenza vaccine (Flu)
- Pneumococcal vaccine (Capvaxive, Prevnar 20)
- COVID-19
- Hepatitis B vaccine for members at moderate to high risk (Recombivax HB, Engerix-B)
- Other vaccines (for treatment of an injury or direct exposure to a disease or condition) such as:
 - Tetanus vaccine (Adacel, Boostrix)
 - Rabies virus vaccine (RabAvert, Imovax Rabies)

Please note – A vaccine could have several trade names, e.g. Capvaxive and Prevnar 20. Coverage exists if there are multiple trade names for a specific vaccine.

Medicare Part D**:

- Chickenpox vaccine (Varivax)
- Chikungunya (Ixchiq)
- Diphtheria /Tetanus vaccine (Tenivac, TDVAX)
- Hepatitis A vaccine (Havrix, VAQTA)
- Hepatitis A/Hepatitis B vaccine (Twinrix)
- Hepatitis B vaccine for members at low risk (Recombivax HB, Engerix-B)
- Japanese Encephalitis virus vaccine (Ixiaro)
- Measles/Mumps/Rubella vaccine (M-M-R II, Priorix)
- Meningococcal Polysaccharide Diphtheria toxoid vaccine (MenQuadfi)
- Poliovirus vaccine Inactivated (IPOL)
- Rabies vaccine for prevention (RabAvert, Imovax Rabies)
- Respiratory Syncytial Virus vaccine (Arexvy, Abrysvo, Mresvia)
- Tetanus, diphtheria and pertussis vaccine (Adacel, Boostrix)
- Typhoid VI Polysaccharide vaccine (Typhim VI, Vivotif EC)
- Yellow-Fever virus vaccine (YF-Vax)
- Zoster vaccine recombinant, adjuvanted (Shingrix)

* Age restrictions may apply to certain vaccines

** Please review Part D formulary for a complete list of vaccines covered under your Part D plan.

Where can I go?

Doctor's office	Pharmacy
The provider at the office will administer the vaccine¹	In New York State, registered and certified pharmacists can administer vaccines for flu, pneumonia, meningitis, shingles, tetanus, diphtheria, pertussis, hepatitis A, hepatitis B, HPV, measles, mumps, rubella, RSV, and COVID-19.
When you receive a Part B vaccine at the office, you will pay the applicable coinsurance. For a Part D vaccine at the office, if the claim is billed to Transact Rx by the provider, most of the time there will be no cost to you. Transact Rx is a real time claim processing web portal that allows providers to bill office administered Medicare Part D vaccines.	When you receive a Part B vaccine at the pharmacy, you will pay the applicable coinsurance. For a Part D vaccine, most of the time there is no cost.
You will be required to submit claim forms for reimbursement to Univera Healthcare if the provider does not use Transact Rx to bill your Part D vaccines.	The claim is billed through insurance and you will not be required to submit claim forms for reimbursement to Univera Healthcare.

¹When services other than preventive care are performed, the office visit copay will apply.

If you have any questions regarding the vaccine information please call **Customer Care at 1-877-883-9577 (TTY 711)**. Representatives are available Monday through Friday 8 a.m. to 8 p.m. From October 1st through March 31st, representatives are available Monday through Sunday, 8 a.m. to 8 p.m.

Univera Healthcare is an HMO plan with a Medicare contract. Enrollment in Univera Healthcare depends on contract renewal. Benefits or copayments/coinsurance may change on January 1 of each year.
